Residents of the Month

Dr. John Scott

Tell us about yourself: I was an Endodontic Dentist. I like to be called “Doc,” but my sisters call me Johnnie.

What are your hobbies: I was a Jazz composer and played the jazz trumpet, played Be Bop Jazz, and was a band leader. I was also an avid water-skier. However, on October 4th many years ago, I decided to learn to barefoot ski on Clinton Lake and ended up cracking four vertebrae!

Marjorie Cleek-Twitchell

Tell us about yourself: I was married to Carl Cleek for 43 years and then married to Louis Twitchell for 10 years. I have three daughters, four grandchildren, and eight great grandchildren. I worked outside the home as a legal secretary while Carl was away for WWII. When he returned, I helped him on the farm. My nickname is Monnie.

What are your hobbies: When the girls were young, I collected pig figurines, and now I collect Angels. I have always loved to garden.

How long have you lived at The Glenwood: I have been living at The Glenwood longer than any other resident.

Do you have any interesting stories: I have always kept my closet in perfect order. As I was getting ready to go to the store one day, I went into the closet to put on my shoes. Because I knew exactly where the shoes I wanted were located, I didn’t bother to turn on the light. When I was at the store, I noticed a man who was repeatedly looking at me with a strange look. When I got back home, I realized I had one brown shoe and one off-white shoe. I thought it would be alright since I didn’t know anyone at the store. However, it turns out that the man looking at me knew my father and who I was. Oops!
